

In 2023 we are revamping our School canteens...

We are very pleased to announce that after a competitive process last year, we have selected Vanilla Blue to operate our Junior School and Senior School canteens. Vanilla Blue has been in operation since 2007 and its vision is to create unique educational café solutions that provide sustainable, nutritionally rich food and value for money for the School community. We are excited about the new options that Vanilla Blue will bring.

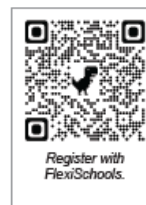

As part of the company's original submission, they had planned to start operating our canteens from Term 2 this year. Our previous provider was expected to run the canteens in Term 1. However, they decided to exit early and Vanilla Blue has been working very hard to bring forward their delivery services. I have been very impressed with their drive and commitment to ensure that our community is not left without any canteen in Term 1.

Initially, Vanilla Blue will provide meal deals that will need to be ordered via FlexiSchools and there will be no over-the-counter service available. When Vanilla Blue is able to bring its full services online, over-the-counter service will be implemented. Everyone is working as hard as we can to bring this date forward. At present, it looks like it will be about mid-way through the term.

[Click here](#) to view the meal deals that will be available initially. These will be available from **Tuesday 31 January 2023**. To order, go to flexischools.com.au/parents or use the QR code on the right.

If ordering for the first time, you will be required to set up an account simply by following the prompts. This is the only way to place an order initially. Orders must be placed by 8:00am on the day the meal deal is required.

Should you have any queries, please email schools@vanillablue.com.au.

Mr Richard Arkell
Head of Operations
