

Tertiary and Careers news

It is a delight to join the Meriden community this year as Tertiary Advisor. I have had the pleasure of teaching at Meriden from time to time over the last few years; it is a joy to see the girls again, a couple of years on.

I am looking forward to getting to know the girls in Years 10, 11, and 12 this year, learning more about their interests, strengths and ideas about future vocations, as well as helping them navigate the tertiary application process.

In order to start a conversation about their thoughts for the future, Year 12 girls are encouraged to make an appointment with me or with my colleague, Ms Meg Hall, Meriden's Career Liaison Officer. They are also always welcome to come by without an appointment. I am here to help them, and it is an honour to do so.

Please find below information about an upcoming webinar by the University of Sydney that may be of interest.

Upcoming University of Sydney webinars

Institution	Topic	Date	Time	Location	Description
University of Sydney	Architecture and the Built Environment	15 February 2023	5:00pm	Online	Learn about the pathways to becoming an accredited architect in Australia. Click here to register
