

Special visitor to Year 12 Spanish

On Thursday 14 March, the current Year 12 Spanish class received a special visit from alumna Chiara Freeman.

Chiara graduated last year from Meriden, topping the state in Spanish Beginners. It is always interesting for students to hear the advice from previous students, especially those who were so successful.

Chiara was very willing to share the study techniques and tips she learned along the way during her time in Year 12. Students had an opportunity to ask questions, many of which were around the oral examination: 'How did you prepare for the speaking?'.

The key, according to Chiara: speaking practice every single day in the month leading to her HSC speaking examination. She explained she practised by herself, with family members, and with peers to find consistency and fluency.

She also shared that one of the most important things for her was working as a team with her fellow students. With this approach, Chiara and her classmates were able to help one another achieve their best possible result in their HSC. Teamwork was the key to success for Year 12 Spanish students in 2023.

¡Gracias Chiara!

Ms Teresa Alonso-Lasheras

Head of Languages
