

Staff members' achievements, Term 2 2024

Meriden would like to acknowledge and congratulate its hardworking staff members who have recently achieved accreditation milestones that will benefit our students.

Experienced Teacher Accreditation

The Experienced Teacher Accreditation is administered by the Association of Independent Schools and is open to all teachers within that system who have at least five years' teaching experience after achieving the level of Proficient Teacher. It is a rigorous, eighteen-month process where teachers are required to submit evidence and have their lessons observed to demonstrate they are operating at a level higher than 'Proficient', showing they are creative, knowledgeable and industrious practitioners.

The following teachers have recently completed their Experienced Teacher Accreditation:

Ms Stella He

Social Science Department

Ms Sophie Wardle

Science Department

Ms Nicola Casaceli

Design and Creative Arts Department

Ms Vicki Sheehan
Dean of Staff
