

Year 9 da Vinci Decathlon team at Nationals

At the beginning of the Winter Holidays, our Year 9 da Vinci Decathlon team competed in the Australian National Finals.

After earlier placing first in the NSW event, the girls faced an even greater challenge than before, competing against other teams who had also topped their respective States.

The team members are: Lisa Chen, Eva Gao, Olivia Kim, Yiru Li, Vivian Liao, Amelia Von, Jasmine Yang and Chloe Zhou.

At the Nationals event, the girls placed first in English, and second in Cartography, Ideation and Codebreaking.

After a hard-fought competition, the girls ended up placing second overall, an outstanding result given the level of the other teams from all around Australia.

Their overall result is a sign of their incredible teamwork, and they should be very proud of their collaborative efforts.
