

Alumnae take off for the Northern Hemisphere

As the US and UK summers draw to a close, we bid farewell and give our best wishes to some of our wonderful alumnae who have remained part of the Meriden community in recent months after graduating last year.

It has been inspiring to see so many Meriden graduates come back to share their experiences and give back to the community. Their visits provided invaluable insights and advice to both current students and staff, reinforcing the strong bond that connects our alumnae to Meriden.

US alumnae

In late August, Sienna Leeson, Soha Singh, Nina Krecklenberg and Ada Rand had the unique opportunity to attend an afternoon tea at the USA Consulate-General's residence, hosted by Ms Christine Elder. This special event celebrated the success of students embarking on their undergraduate degrees in the USA this year.

Mrs Lisa Brown and Mr Ryan Richards were also in attendance, offering their heartfelt wishes and encouragement to the girls as they begin this new chapter of their lives.

We also extend our best wishes to Ada, who is not only starting college but also representing Australia in the U20 World Athletics Championships in Peru.

Competing as part of the Australian team is a remarkable achievement, and we are incredibly proud of Ada's dedication and talent. We look forward to following her journey and celebrating her accomplishments on the world stage.

UK Alumnae

On Tuesday 27 August, Jasmine Ye, Anneke Dykgraaf and Brianne Tam visited Meriden to inspire our current students and share their stories before flying to the UK in the following weeks.

Jasmine, Anneke and Brianne spoke about their study processes and plans during their time at school, and how they ultimately accepted places at University College London, Bristol University and Oxford University.

They spoke to a packed room of Years 10 to 12 students, who were eager to not only hear about study processes and academic success, but also see what life looks like beyond school and the amazing benefits of studying overseas.

A full house hearing from Jasmine, Anneke and Brianne

We are immensely proud of our alumnae and their contributions to our community and beyond.

We are privileged to have strong relationships with our past students, and we wish all the girls the very best in their academic and personal endeavours.

We look forward to hearing about their future successes and the positive impact they will undoubtedly make.

Mr Ryan Richards
Head of Tertiary Pathways
