

# IGSA Invitational Football season report

---

In Term 3, four Meriden teams competed in the IGSA Invitational Football competition, with students ranging across all year groups.

Throughout the season the girls played exceptional football at many different venues. Our players adapted to everything that was asked of them and performed to a very high level at all times, indicative of the recent growth of our Football program.

Our Senior 1st Team competed in the top division and put in some trying performances to finish 5th.

Meriden Senior 2nd and Junior 1st teams had a challenging season that saw all girls improving steadily throughout the term. Coaches Rebecca, Elanor and Mikey empowered the girls to perform at the highest standard possible each week.

Our Year 7 Team had a wonderful season. They began with a close loss, and then went undefeated in the next six games making it to the Semi-finals in 1st place, ultimately falling just short.

All girls put in a fantastic effort throughout the season, and the coaches should be congratulated for their contribution to the development of all the players.

Congratulations to all girls who were named Best and Fairest and Most Improved for Football in 2024.
