

Golfer secures second place at National Championship

Year 6 student, Constance Wang, represented NSW at the School Sport Australia Primary Golf Championships in Ballarat last month, delivering a phenomenal performance.

Constance held the individual lead after the opening day and continued her strong form, sitting two under par after 13 holes on the second day. While a two-stroke penalty impacted her final standing, she secured an outstanding second place overall at the championships.

Her performance played a key role in helping the NSW Team secure the overall title. The championships provided Constance with a valuable learning experience that will no doubt prepare her for many more successful tournaments.
